## About Us:

Covenant Dancers was founded by Linda Soule in 1996 and has been serving in the community as a continual voice for both the art of classical ballet and a devoted faith in Jesus Christ. We are located in Southeast Huntsville, upstairs in Life's Journey Church. We believe that providing the best instruction can only be accomplished by encouraging every student to achieve their best. We do not withhold the highest level of instruction from any student. The girls that dance with us love each other, because everything we do is built on a firm foundation of love for the arts and love for God. Every year, we hold a concert of praise at Grissom High School. Our recital provides our students with a framework to both enjoy the art of ballet and experience the arts as more beautiful and meaningful.
